

Texas Avenger Fish Feeder

If you're looking for accurate feeding, less waste and larger, healthier fish, then this one is for you! This feeder can also be used as a game feeder to feed deer, turkeys, quail, pheasants or just song birds!

A lot of people will use this product for fish in the summer, then use the same feeder for wild game in the fall & winter making it a dual-purpose feeder! Perfect for feeding big catfish, big bass, big bluegill and even big crappie!

Key Features:

- One base for both dock and shore mounting
- Base tilts up to 45° for optimal feeding even on steep banks
- Base also swivels 180° to put the feed exactly where you want it
- Single stage motor for simplicity
- Includes 5 watt commercial grade solar panel and rechargeable battery
- Solar panel mounts on top lid for optimal sunlight and won't break off like other feeders
- 10 year warranty on camo finish, 5 years on timer and 2 years on motor
- Feeds up to 5/16" fish food and also feeds corn as a game feeder
- Welding interlocking top that won't leak
