Sizes Available

25 lb bag

Product

11212

Key Benefits:

The correct balance of required minerals and vitamins.

Balanced levels of high quality minerals and vitamins formulated for maximum absorption. Meets or exceeds the National Research Council Requirements for sheep.

Contains organic Zinc, Manganese, Selenium Yeast and high levels of Vitamin E.

Contains highly available sources of trace minerals and extra Vitamin E to support maximum reproduction and health.

The Amaferm® advantage

Amaferm helps sheep better digest forages and increase feed intake leading to better performance including rate of gain and herd health.

What value does it have in the animal?

Provides mineral/vitamin supplementation to ensure proper breeding, lambing and overall health. Formulated to help prevent white muscle disease and milk fever.
