High Octane [®] Champion Drive™			8 ounces	30	1 bucket	60
High Octane [®] Power Fuel [®]			8 ounces	30	1 bucket	60

1. Deworm lambs about every 30-45 days throughout the feeding period.
2. Feed lambs ¼ lb (double handful) of loose good quality alfalfa per day.
3. Always allow access to clean fresh water at all times.
4. When feeding HONOR[®] SHOW CHOW[®] Showlamb feeds, there is no need to supplement with additional mineral.
5. Feed **High Octane[®] Depth Charge[®] Topdress** at 2 to 4 oz per day to keep lambs full when limit feeding. Feed **High Octane[®] Heavy Weight[®] Supplement** at 2 oz to help improve feed intake, and 4 to 8 oz per day to help improve fat cover and/or growth rate.
