# ULTIMATE FINISH™ 25

## EXTRUDED FAT SUPPLEMENT FOR ALL HORSES

Gently cooked extruded nugget	Provides superior digestibility and reduces opportunity for sorting
Highly palatable, calorie dense fat source	A low inclusion rate provides highly digestible fats in a smaller meal size
Contains human grade stabilized rice bran	An excellent source of Gamma Oryzanol, an antioxidant known to support immune function
Added source of Omega 3 and 6 Fatty Acids	Reduces inflammation and supports healthy immune function
Decreases thermal stress during exercise	Helps produce less body heat than when utilizing carbohydrate energy sources
Decreases lactic acid production	Increases endurance and stamina
Low starch and sugar formula	A controlled release of highly digestible fats which can safely be fed to horses with metabolic issues
