

Powerful Performance. Winning Results.

Grand Lamb Mixer DX High Performance Lamb Supplement

Honor® Show Chow® Grand Lamb Mixer DX concentrate is a blended supplement containing a nutritious pellet (containing soybean meal and linseed meal) that can be mixed with barley, corn, oats and molasses to make “custom” high quality show lamb diets. This flexible feed allows you to adjust the grain level to fit your needs for breeding ewes, growing lambs or finishing lambs.

FEATURES	BENEFITS
Fully fortified with all essential vitamins and minerals	<ul style="list-style-type: none"> • For excellent muscle growth and body condition
Formulated to provide a combination of both bypass and rumen degradable protein, using all-natural protein sources	<ul style="list-style-type: none"> • Combination protein sources (from vegetable and approved animal sources) help meet the requirements of both the animal and rumen microbes, and helps increase muscle deposition
 Diamond V	<ul style="list-style-type: none"> • A true, fully-fermented yeast culture developed specifically for optimum animal nutrition • Research proven, Diamond V® has a unique ability to support ration digestibility, palatability and intake by delivering a rich, all-natural nutrient source to the animal's digestive bacteria
	<ul style="list-style-type: none"> • Research has shown that TASCOS® helps lower body temperature during heat stress – helping keep animals on feed
	<ul style="list-style-type: none"> • Helps improve hoof health and immune function; critical for traveling show lambs
Amaferm®	<ul style="list-style-type: none"> • A natural feed additive resulting from a proprietary multi-step fermentation process of a proprietary strain of <i>Aspergillus oryzae</i>
Ammonium Chloride	<ul style="list-style-type: none"> • To help reduce incidence of urinary calculi (water belly)
Medicated with Deccox® (decoquinate)	<ul style="list-style-type: none"> • For the prevention of coccidiosis

Zinc	(min)	350.00

MEDICATED

Medicated for further manufacturing of Honor® Show Chow® Showlamb Grower DX. For the prevention of coccidiosis in young sheep caused by Eimeria bakuensis and Eimeria crandallis, Eimeria ovinoidalis and Eimeria parva.

Caution: Use as directed. For sheep only.

Active Drug Ingredient: Decoquinate (45.3 g/ton)

Warning: Do not feed to sheep producing milk for food.

FEEDING DIRECTIONS

Mix Honor® Show Chow® Grand Lamb Mixer DX feed 40.35 at 750 lb per ton with other non-medicated ingredients to manufacture Honor® Show Chow® Showlamb Grower DX Textured feed, which contains 15.16 g decoquinate per ton. (See below mixing directions.)

Feed at least 28 days during periods of exposure to coccidiosis or when it is likely to be a hazard.

Mix HONOR® SHOW CHOW® GRAND LAMB MIXER feed according to the following directions:

Crude Protein	20%	18%	17%
HONOR® SHOWCHOW® GRAND LAMB MIXER	950	800	700
Corn	750	900	700
Oats	200	200	500
Molasses	100	100	100
TOTAL	2000	2000	2000
Deccox (grams/ton)	21.5	18.1	15.9

Caution:

Do not use in feeds containing bentonite.

Reminder:

- Feed is perishable and should be stored in a clean, dry, well-ventilated area so it will remain fresh and palatable.
- DO NOT feed moldy or insect infested feed to animals as it may cause illness, abortion or death.
- Fresh, clean water should be available at all times.

THE WINNING PHILOSOPHY

Efficient production requires a thorough understanding and application of the fundamental principles of good husbandry and sanitation. The Purina® Winning Philosophy program will help you step into the spotlight.

- 1. GOOD BREEDING:** Practice a sound genetic program of selection and culling. Visit a professional breeder for more information. Know the feeling when you have that perfect animal that has the best potential to win.
- 2. GOOD FEEDING:** Proper nutrition for different needs and lifestyles starts with Honor® Show Chow® products. Feed at regular times at least two times daily, with three daily feedings preferred. You can't become a Grand Champion without the best nutrition.
- 3. SOUND MANAGEMENT:** A clean environment minimizes stress and aims to improve average daily gains. Clean stalls, remove debris and provide fresh water daily. The daily attention to detail is the difference between a Grand Champion and lower placement.
- 4. PREVENTIVE HEALTH:** Establish an effective health program with your local veterinarian. A sick animal never makes it to the top.

These are the building blocks of the Honor® Show Chow® program and the keys to successful production. Practical application of these basic principles will not only support your animal's growth and development, but also increase its potential of winning on the show circuit.

POWER IN PERFORMANCE

We know the best way to help you realize your dreams starts by employing a Winning Philosophy:
