

VitaFerm® Cattleman's Blend™

A highly versatile and palatable, all-purpose free choice mineral for cattle of all ages. Includes chelated copper to address today's cows need for more supplemental copper. Formulated to meet basic nutrient requirements when no known stress factors are present.

Recommended Feeding Directions:

Feed to adult beef cattle at the rate of 4 oz. per head per day. Free choice salt should be provided.

Guaranteed Analysis

Calcium (Ca) 11.0% Min. 13.0% Max.
Phosphorus (P) 5.0% Min.
Salt (NaCl) 19.5% Min .23.0% Max.
Magnesium (Mg) 2.0% Min.
Potassium (K) 2.0% Min.
Cobalt (Co) 40 ppm Min.
Copper (Cu) 1,500 ppm Min.
Iodine (I) 120 ppm Min.
Manganese (Mn) 3,000 ppm Min.
Selenium (Se) 27 ppm Min.
Zinc (Zn) 3,700 ppm Min.
Vitamin A 400,000 IU/lb. Min.
Vitamin D-3 40,000 IU/lb. Min.
Vitamin E 200 IU/lb. Min.

Ingredients

Monocalcium Phosphate, Dicalcium Phosphate, Salt, Calcium Carbonate, Corn Distillers Dried Grains with Solubles, Potassium Chloride, Magnesium Oxide, Zinc Sulfate, Ferrous Sulfate, Copper Sulfate, Manganese Sulfate, Calcium Iodate, Cobalt Sulfate, Sodium Selenite, Wheat Middlings, Dried Aspergillus oryzae Fermentation Product, Molasses Products, Vegetable Oil, Lecithin, High Fructose Corn Syrup, Polysorbate 60, Glycerin, Sulfuric Acid, Xanthan Gum, Natural and Artificial Flavor, Yeast Culture, Vitamin D-3 Supplement, Copper Proteinates, Vitamin A Supplement, Vitamin E Supplement.

Sizes Available

50 lb. (22.7 kg) bag

Product

10910

Key Benefits:

The correct balance of required minerals and vitamins.

Provides a balanced level of all required vitamins, minerals and trace minerals to complement a wide variety of forages while supporting general herd health and nutritional maintenance. Includes a 2:1 calcium to phosphorus ratio to support lactation on high producing cows.

The Amaferm® advantage

Stimulates improved fiber digestion to maximize the digestibility of essential nutrients from available forages.

What value does it have in the animal?

Cows maintain consumption on good forages assuring essential nutrient uptake and performance. Calves will consume at an early age.

Caution: Due to copper level, do not feed to sheep.
